

Funding Support

Gore Brook Valley Residents Association

Gore Brook Valley Residents Association, in Gorton, contacted us because they had recently made a funding application and had been asked by the funder to supply more details of their activities. We helped them to compile a report on all their work over the past year and to improve their original application, which led to them being awarded the grant. They have recently come back to us for support in completing a larger grant application, as they want to improve an area of land to make it more attractive and accessible for all members of the community to enjoy.

Have you had feedback or queries from a funder about a recent funding bid?
Could we help you to re-submit an improved application?
