## Spirit of Manchester 2017 mini-grants programme

**Aims/priorities:** The mini-grants are intended to help improve the impact of VCSE organisations in the north of Manchester where VCSE activity is lowest in the city and to promote mutual support

activity between organisations. To be eligible to apply, your mini-project must:

- benefit north Manchester by raising VCSE activity levels in that area
- take place at some point between the beginning of May and 1 September 2017
- involve working with one other named VCSE organisation to deliver shared aims

Macc wants the geographical focus of the mini-grants to be north Manchester. North Manchester has the lowest levels of VCSE activity when compared to central and southern areas of the city and the mini-grants are intended to help raise activity levels. This programme is most likely to support bids from applicants that are already working in north Manchester that propose to partner either with another north-based VCSE organisation or with perhaps a citywide VCSE organisation that wishes to engage more closely with local community groups in north Manchester.

For the purposes of this programme, a mini-project must consist of a partnership between two VCSE organisations to deliver a new small-scale, short-term activity that meets the aims of both organisations and contributes to the development of VCSE activity levels in north Manchester.

## Anton Jurgens Trust

**Aims/priorities:** The Anton Jurgens Fonds adheres to a contemporary interpretation of the values that characterised the work method of its founder Anton Jurgens in his day: entrepreneurship, social commitment and an open view of life. In addition to the geographic and thematic conditions of the project initiative, the AJF tests applications explicitly on the following investment criteria:

- social entrepreneurship – the combination of financial and social added value
- (financial) sustainability – the pursuit of a permanent positive impact
- personal initiative and personal commitment – to engender self-sufficiency and autonomy
- prevention – a structured approach to tackling social problems at an early stage
- social involvement – the creation of inspiring examples
- searching for meaning – creating awareness of the ‘why’ of our human actions and existence

**Who can apply?** Registered UK based charities who support people of all ages, who are socially disadvantaged and/or have mental and/or physical disabilities.

- Only requests from UK registered charities (holding a Charity Number) will be considered
- Requests for grants should be made in writing to our correspondence address (see below)
- The application should state clearly whether the grant would be used for the running costs of the charity, or for a particular project and it should include the costings involved: target for the appeal and the amount raised and pledged towards it at the time of writing your appeal letter
- The application should only include the accounts if these do not feature on the CC website
- An application should not be made if the charity has received a grant from the AJCT within the past 3 years

- If an application does not receive any reply, then – unfortunately – it has not been successful, most probably because of our limited financial resources
- The London Committee (the advisory committee) will only get in touch with applicants if the trustees decide to consider their request at one of the two Trustees Meetings, either in the Spring or the Autumn

**Deadline:** Applications can be submitted at any time

## Warburtons

**Aims/priorities:** Warburtons supports charities and the community in three ways: with financial support, product donations and the personal involvement of

individual people – both Warburton family members and employees. Their main focus is on grass roots activities that have a positive effect on the aspirations, education, skills and employability of young people, as well as projects that are centred on family life, promoting healthier lifestyles and contributing to improvements in the local community. Their National School Visitor Programme has been running for more than 20 years. Each year, trained teams from our bakeries visit around 1,500 primary schools, sharing our knowledge of bread making and nutrition with students. These are practical, informative learning experiences and also lots of fun. If you are a teacher and would like to organise a school visit, please contact Warburtons Customer Care Team for details. They will be able to put you in touch with your local bakery. Their financial giving programme is aimed at supporting projects, activities and organisations that have charitable aims and will be of real direct benefit to local communities. The support they provide should reach charities and organisations delivering work that aligns to their priorities and has a direct and tangible impact on people's lives. They will support organisations that focus on solving significant social issues, as defined through our Financial Giving Policy. They will support charities and organisations financially in two ways: grant support and project support. They have a clear definition of both grants and projects:

- Community grants: are for small sums of money that can be used for something specific that will benefit the cause you support. E.g. buying equipment, supporting a community day etc.
- Projects: Funding for community projects is for a clear, identifiable project that can be attributed to our support or might enable the organisation to extend what they currently undertake. They will be able to identify and report on the impact, in an in-depth manner.

**Grant amount:** Community Grants are open to applications from England, Wales and Scotland, for amounts up to and including £250

**Application process:** Apply via an online process on the website

**Deadline:** Applications can be submitted at any time
