Through this fund Youth Music will aim to prioritise the people and organisations in the most immediate need, and to make quick decisions and payments. - Adapting services – delivering services in new ways, which can be more expensive, have high set-up costs (e.g. IT infrastructure, buying tech or instruments for tutors and young people) or require new policies or expertise.
- Children and young people – the impact of the situation on children and young people's mental and physical health; the negative implications for some vulnerable children of being out of school; keeping in contact now that the normal music sessions have ceased; engaging young people in new forms of learning; reaching children beyond digital access (e.g. disabled young people; those who don't have devices or an internet connection).
