

GREATER MANCHESTER VOLUNTARY, COMMUNITY AND SOCIAL ENTERPRISE (VCSE) DEVOLUTION REFERENCE GROUP

The VCSE Devolution Reference Group seeks to promote the role and involvement of the VCSE sector and communities in devolution. It comprises individuals from eighteen voluntary, community, faith, and social enterprise organisations from across Greater Manchester.

Objectives of the group

1. To champion VCSE engagement in devolution across Greater Manchester by promoting the vital role the sector plays in working towards a more equal society
2. To act as a point of contact for those working within Greater Manchester devolution and Greater Manchester's VCSE sector
3. To share information and opportunities, operate transparently and think beyond individual organisations
4. To promote positive change and collaboration within the VCSE sector through devolution
5. To create a social movement for change that empowers the communities of Greater Manchester

The Reference Group works to support sector engagement across Greater Manchester's devolution agenda. It originated as a formal part of the health and social care devolution architecture and works closely with Alex Whinnom, CEO of GMCVO, who represents the sector on the new Greater Manchester Health and Social Care Strategic Partnership Board and is a member of the Reference Group.

The Reference Group is not a representative structure but individuals are nominated by their own networks and are held accountable to their network and/or the Reference Group by a signed protocol agreement. Members of the Reference Group are expected to be 'catalysts and connectors' on behalf of the sector.

Our key messages

- **We are many.** The army of staff, volunteers and supporters across the sector are a **catalyst for change and a connector of people**
- Our role is **critical for the economic success** of devolution in Greater Manchester but also for the equally important **cultural and social devolution** that will help build a truly equal region
- We can devise, develop and **deliver solutions to some of the most challenging problems** faced by Greater Manchester, breaking down barriers and building community confidence and cohesion, and ensure we **move from crisis resolution to anticipation and prevention**
- **We understand our communities.** We can help drive people-powered change, harnessing social action and **bridging the gap** that can exist between public services and the people they serve
